

# STASH! COLOUR EXPLORATIONS

## BLOCK OF THE MONTH

2013 – 2014

March

12" x 12"

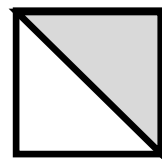

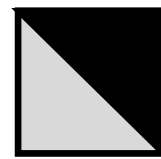

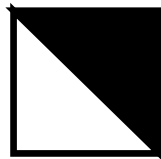

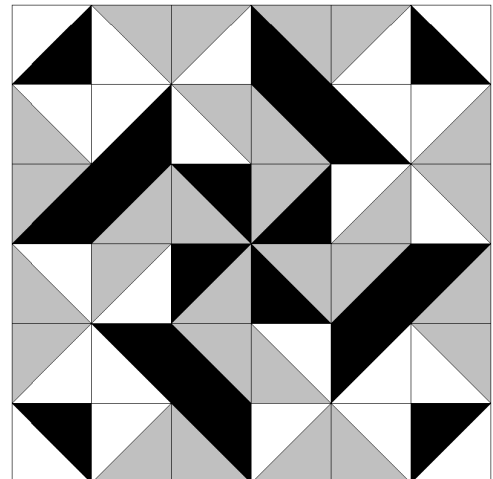

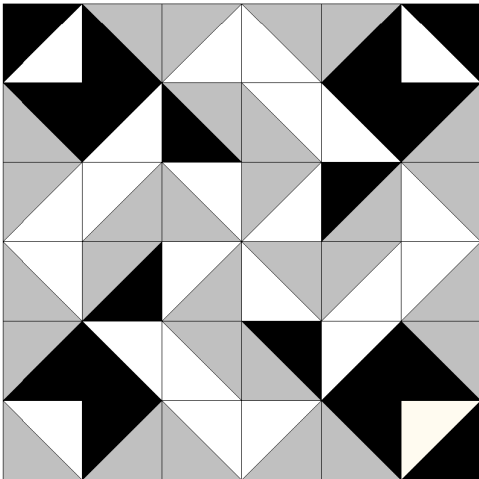

Because of the snow cancelation, you have not seen this block, but it is a straight forward design. Bring your Card Trick block from February and this block to our next meeting and get 2 tickets for the draw and we will give away 2 fat quarters of fabric.

Looking forward to seeing lots of blocks at the next meeting. It has been too cold to be out doing anything else but sew.

This block is designed using all half-square triangles that should be 2.5" x 2.5 after sewing the diagonal seam. These will finish at 2" x 2" in the finished block.

Quilters with more experience may wish to create some of the units as flying geese or trapezoids to reduce the number of seams.

Below you will find the number of units for each section.

Light Pinwheel

Bring your finished block to the April meeting and enter a draw for a fat quarter.
