DESCRIPTION:

In this one-day class students will learn Elaine's method of fusible reverse appliqué to create a pair or trio of hosta leaves. Two different patterns are available to choose from at a cost of \$14 each: Hosta Duo or Hosta Trio.

SUPPLY LIST:

3 meters of Lite Steam a Seam 2 fusible web. Please do not bring Heat and Bond or Wonder Under. All Steam a Seam products have a pressure-sensitive adhesive that allows you to assemble your layers prior to fusing permanently. The layered design adheres with the pressure of your fingers, even though it is not yet permanent, but things can still be re-positioned until you are ready to permanently fuse them. Second choice for fusible would be Pellon Lite EZ Steam II.
