

The Grand Quilt Guild presents the following Virtual Workshop

Conquering Curves with Leanne Parsons
Saturday Feb 26, 2022
9:30 am to Noon (Zoom)

Sewing curves intimidates a lot of quilters, even ones who have been quilting for years. But curves can add so much fun and movement to our quilts! In the 2 ½ hour long Conquering Curves workshop, I use my Noodles pattern to guide students through stitching their first curved quilt blocks. The Noodles block is a gentle introduction to sewing curves and the pattern is fat quarter friendly. The workshop is suitable for all quilters, beginner to advanced, who are comfortable with their machines and with stitching a ¼" seam. Students will leave the workshop with skills that they can then apply to any curved blocks they want to stitch.

**Cost is \$ 25.00 per Participant and includes
Leanne's
Downloadable Pattern**

To Register Email Denise at denise.rainville@gmail.com.

She will send you a confirmation message with the supply list and instructions for payment
