

PLAID-ISH QUILT

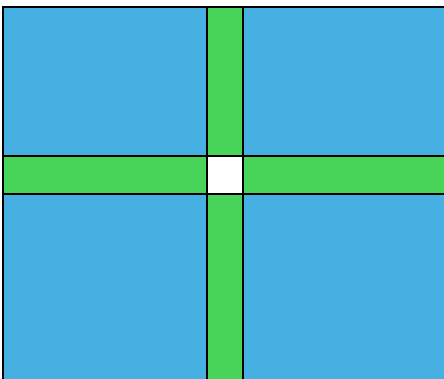

There are three blocks that make up this quilt. The blocks are essentially the same – only varying in size.

Please feel free to make only one block, or two or one of each size.

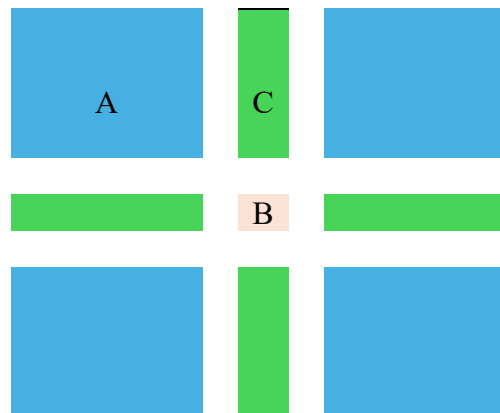

You are welcome to make these blocks in any colour combination that you please. Use solids or small print fabrics. Whichever block or colour combination you use just have fun!!

This is essentially the same block for all three sizes. They all stitch together the same way..
